## Fashion stylist Eric Hollis

is from Chicago, Illinois. After graduating with a BA in psychology he set off to the West Coast to pursue a career in fashion. He began styling in San Francisco, working with clients such as Gap, Levi's and Macy's. Once he grasped the nature of the business, his ambition led him to Hollywood, where he was exposed to true glamour, working with celebrities such as Brandy, Serena Williams, Jeremy Piven and Jared Leto. Currently, he is working on a pilot for his own style show.

## Mischa Barton

Here we see the impact of the mini cocktail dresses. The vintage silhouette of the dress shows the classic and trendy fusion that Mischa has made her own. Silvery sequins are a great accent to an innocent but elegant dress.

## Melinda Clarke

Though gowns are traditionally considered a staple for red carpet appearances, pairing skirts with blouses can make just as powerful an impact. Tone-on-tone separates make for a crisp statement, as do fabrics that respond to light.

# Ocisms

Nobody does dialogue like "The O.C."  
Just so you can get it right,  
here are some of our all-time favorite  
"O.C." lines (so far...).

Julie:  
Uh...I made a  
mistake, Kiki.  
**A naked**  
mistake.

Seth: He's like a  
thoroughbred.  
And I'm a  
**monkey**.  
With cymbals.

Seth:  
He **surfs**, he sings...  
He technically fights crime.  
Maybe Sandy Cohen could  
be our action **hero**.

ANDREW MACPHERSON

Seth: Tonight  
Newport is our  
**bitch**, okay?  
So—let's go out  
there, and let's  
do what guys do.  
Ryan: Yeah.  
Seth: Ryan, what  
do guys do?

Seth  
(to  
Ryan): As your  
**brother**, your other brother who's less related  
to you, I officially have your **back**.

Kirsten:  
My husband is  
currently transporting a  
**fugitive** who used to be  
his ex-girlfriend.  
Julie:  
Oh. Well, I'll see you your  
fugitive former flame and  
raise you a  
**lesbian**  
daughter.

MIRANDA TUREN

Trey:  
What's a  
**Newpsie**?  
Sandy: They're like  
vultures. Except the  
Newpsies like to paint  
their **talons**.  
Actually, they'd rather  
have somebody else  
paint their talons.

THE WAY MCG SEES IT, HIS HOLLYWOOD HILLS PAD IS AN EXPRESSION OF WHO HE IS AND WHERE HE COMES FROM—AND THAT'S STRAIGHT OUT OF ORANGE COUNTY. THE EXECUTIVE PRODUCER OF "THE O.C." NOW CALLS A REMODELED 1924 SPANISH BEACH TEEN WITH DREAMS OF MAKING IT BIG. THAT HE WAS A NEWPORT BEACH TEEN WITH DREAMS OF MAKING IT BIG.
